To Whom It May Concern,

The Geo Group Corporation has done business with DeWitt, Ross and Stevens for more than 15 years. We are pleased to say that all business has been conducted by Steve DiTullio and his company in a highly satisfactory manner.

Steve and his staff have always been most helpful in providing information and advice about employee documentation, subcontract agreements, business contracts, employment issues and corporate legal counsel. Running a business in a specialized field, we found that he has a broad range of resources that have been useful to us.

I gladly recommend Steve and his firm for their work in the legal area. If you wish further information, please email or phone me.

Sincerely,

Scott W. Roeming
